PRESS RELEASE

At the dawn of his 30st anniversary, M2S Électronique makes a FOCUS on major investments to insure its growth

M2S Électronique has celebrated the official opening of its brand new facilities and over than 300 people participated at the event.

The business possesses more than 29 years of expertise in design and manufacturing of electronic products. The new acquisitions for over than \$1M will allow M2S to achieve a position of choice with the carrying out of more complex products.

Effectively, M2S proceeded in \$2M investment including the expansion of its facilities from 20,000 to 33,000 squared feet, also the acquisition of high technology equipments. M2S has its destiny in hand and wish to share its future vision. This is the reason why activities such as the opening took place and will carry on until 2011 Spring.

It all started with a Grand opening for families and friends where 280 people attended, followed by a visit of fifty partners and suppliers. After the visit of the installations, a meeting took place with the directors in order to learn more on the business. Furthermore, visits of our clients are planned for Autumn.

A huge mobilization project named « FOCUS » has allowed M2S to maintain its competitiveness despite the economical situation, and even to get out of it stronger. In conclusion, the following year will be an exceptional year for M2S.
